

Dear Friends,

As many of you know, our primary mission at AmericanVeterans.us is to Honor, Inform, Equip and Inspire our nation's Military Veterans. What many of you may not know is that we also have a parallel mission of Challenging and Inspiring local communities to Honor and Support Military Veterans as well.

One of the ways we assist communities in honoring local Veterans is by developing short Patriotic Presentations that communities can use on Military Holidays, at various community events or anytime they have an opportunity to honor local Veterans.

Our most recent one, "I Love America" (Reading Time: about 10 minutes) is available now and ready for PDF download. As always, our Presentations are Free to Veteran organizations, medical facilities, care centers, churches, government agencies and any other individual or group that chooses to use them to honor Veterans in some way. AmericanVeterans.us is totally self-funded so we do not accept monetary donations but we do appreciate your prayers.

Here are a few suggestions for using our Patriotic Presentations:

- Allow a Veteran or leader to read the presentation at the beginning or end of your meeting, facility gathering or church service.
- (Churches) Make it part of your patriotic music program on a special day.
- Use it as a core component of your meeting or church service (Patriotic Music – Message - Presentation – Patriotic Music – Close)
- Have it read by a leader or volunteer in a small group setting.

To access a copy of our most recent presentation, just [CLICK HERE](#) or go to our website at: www.AmericanVeterans.us and click on the Patriotic Presentations Button on the main page. Help us Honor, Inform, Equip and Inspire Veterans across the country by recommending our website to Veterans and everyone else you know.

Kindest Regards,

Keith S. Gilroy
